Sir:

In response to the Restriction Requirement set forth in Items 2-5 on pages 2 and 3 of the Office Action mailed August 27, 2002, Applicants respectfully elect the Group I claims, that is, claims 1-21 and 32, for prosecution on the merits in the present application.

In addition, the election-of-species requirement set forth in Items 6-8 on pages 3 and 4 of this Office Action mailed August 27, 2002, is noted. In response thereto, Applicants respectfully elect Species A, defined by adhesive 1 on page 3 of Applicants' specification, for prosecution on the merits in the present application. It is respectfully submitted that claims 1, 14-21 and 32 read on the elected Species A.

Furthermore, it is respectfully submitted that claim 1 is a generic claim to all of Species A-D. Accordingly, it is respectfully submitted that upon allowance of claim

1, claims directed to all of Species A-D should be allowed to issue in a same U.S. Patent, from the above-identified application.

In any event, Applicants respectfully elect the Group I claims, and Species A, and respectfully request consideration of claims 1, 14-21 and 32, on the merits, in the above-identified application, in due course.
